

Harrow FOE AGM and Talk

Wednesday 8th November 2006 @ 8pm

Location: Scout Headquarters, Northumberland Road, North Harrow.

The speaker is Rowan Langley who has installed a sun powered electric generation and storage system in his home.

Nominations are invited for the posts of coordinator, treasurer and secretary. Please send nominations to Bernard Burns (contact details below). If you do nothing else, please attend this meeting.

Support for Climate Bill

Thanks to all who wrote to and visited Tony McNulty MP. He has agreed to write to the Prime Minister and Environment Minister to ask for the Climate Change Bill to be included in the Queen's Speech.

Stalls at local shows report

We attended four events in Harrow this year: the Headstone Manor May Day show, the Roxeth July show, the Harrow in Leaf show and the Pinner show. At all these shows we displayed leaflets on a variety of topics, asked passers-by to send a postcard to their MP calling for them to reduce carbon emissions by all means possible and sold fund-raising items purchased from the national FOE. I would like to thank all the group members who helped man the stall.

Newsletter Editor: Jacob Gloor

Unnecessary packaging

Since Harrow has introduced compulsory recycling and only emptying the general waste once every two weeks it becomes more important that we should not select products that contain packaging that cannot be recycled or composted. Have you written to the producers to complain?

Useful location for green information

Have you tried the Centre for Alternative Technology (CAT) help service? It's at www.cat.org.uk – they have tip sheets that can now be printed off. And if you haven't visited them yet then you should.

Want to get more involved?

Why not come to one of our meetings and see what you can do?

We meet on the second Wednesday of each month in the Scout Hut on Northumberland Road, North Harrow, between 8-10pm.

Why not visit the Harrow Friends of the Earth website: www.harrowfoe.org.uk ?
